4X4 ACCESSORY

SMM MILFORD ROOF RACKS

With three different models designed to fit all SMM canopies, you will easily find one to suit your needs.

The SMM by Milford ErgoRack

The ErgoRack is the answer to easy ladder transportation, it is operated from the ground, so there's no need to lift heavy loads above your shoulders or climb onto the roof, tow bar or bumper to load your ladder. It comes with an auto clamp feature that automatically restrains your ladders for safe transport.

It features a lightweight, powder coated aluminium design that ensures a high load capacity can be carried on top of the rack. Load rating: 150kgs*

The SMM by Milford EcoRack Cargo

The EcoRack Cargo provides high load capabilities even with limited OE roof load ratings, its aerodynamic crossbars reduce fuel consumption and is almost silent when travelling.

It's quick and easy to install, with a heavy duty multiple crossbar design that allows maximum support. It's corrosion free, lightweight, constructed of anodised aluminium construction with stainless steel fasteners, and also comes with ladder roller configurations. Load Rating: 150kg*

The SMM by Milford EcoRack Commercial

The SMM by Milford EcoRack Commercial is quick and easy to install, lightweight and it's anodised aluminium design offers an economical solution for every type of vehicle.

It features adjustable cross bars which can be mounted to your canopy using inbuilt, channels or gutter mounts. It comes with 2 hi-load crossbars giving it a high load capacity.

Load rating: 150kgs*

*Tested as per requirements of Australia Standards AS1235-2000 & ISO/PAS 11154 2006 standards.

SMM Steel Canopies have tested SMM Milford roof rack systems to ADR- AS 1235-2000 and ISO/PAS 11154 and comply. The installation of SMM Milford Rack systems are approved by Sammitr Australia for installation to SMM Steel Canopies.
