1. WARRANTY

1.1 The benefits to *Customer* given by this *Warranty* are in addition to other rights and remedies that the *Customer* under a law is entitled to in relation to the goods or services to which this *Warranty* relates.

1.2 *SAMMITR* only warrants that if there is any defect in factory materials or factory workmanship in the *Product* during the *Warranty Period* then *SAMMITR* will (at its own cost) rectify the defect. This *Warranty* needs to be read and understood together with all the other information contained in this document.

1.3 *SAMMITR*'s rectification of the defect referred to in clause 1.2 may include repair, replacement of the defective part or replacement of the *Product*.

If *SAMMITR* determines it's appropriate to replace a product under warranty, the warranty period will continue from the original date of purchase of the product.

1.4 If *SAMMITR* determines that replacement of the *Product* is appropriate then if a replacement of the *Product* is unavailable, *SAMMITR* will (at its option) replace the *Product* with a similar *Product* or pay the residual value of the *Product*.

1.5 This *Warranty* only applies to a *Product* which: (a) has been purchased new from an *Authorised Dealer* or *SAMMITR*; and (b) either has not yet been installed or if the *Product* has been installed it was installed by an *Authorised Dealer* or *SAMMITR*;

1.6 This *Warranty* does not cover any defect which arises from the way in which the installation of the *Product* was performed.

1.7 The *Warranty Period* is as set out below.

2. WHAT CUSTOMER MUST DO TO BE ENTITLED TO CLAIM UNDER THIS WARRANTY

2.1 *Customer* must have completed the following to be entitled to make a claim under this *Warranty*:

(a) return the *Product* to the premises of *Authorised Dealer* where the *Product* was purchased. If purchased from SAMMITR then return the *Product* to SAMMITR;

(b) for a *Product* fitted to a vehicle, bring the vehicle fitted with the *Product* to the premises of *Authorised Dealer* where the *Product* was purchased provided that the *Product* was installed by an *Authorised Dealer*;

(c) provide proof of purchase of the *Product* from *Authorised Dealer*;

(d) submit *Warranty Claim* within the *Warranty period* set out in clause 1.7 of this document;

(e) with *Authorised Dealer*, complete a *Warranty Claim* online via SAMMITR's website (www.sammitr.com.au) with all necessary information filled in or attached (*);

(f) satisfy SAMMITR that the terms of this *Warranty* apply to *Customer's Warranty Claim*.

2.2 Incomplete *Warranty Claims* will be rejected and will not be processed. *Authorised Dealer* will be informed of this rejection of the *Warranty Claim*.

2.3 SAMMITR will review the *Warranty Claim* and advise whether the terms of the *Warranty* have been satisfied. Where SAMMITR advises that the *Warranty Claim* satisfies the terms of the *Warranty* then SAMMITR will carry out the rectification of the defect referred to in clauses 1.2, 1.3 and 1.4.

2.4 If SAMMITR is of the opinion that it requires a physical inspection of the *Product* then SAMMITR may elect either to have the *Product* delivered to its premises from *Authorised Dealer's* premises or to send one of its representatives to *Authorised Dealer's* premises to inspect the *Product*. The responsibility for the bearing of the cost associated with such delivery and inspection are referred to in clause 4.3 of this document.

3. CIRCUMSTANCES WHERE THIS WARRANTY DOES NOT APPLY

3.1 This *Warranty* will not apply if the defect in factory materials or factory workmanship has been caused or contributed to by a failure to properly:

(a) use the *Product* in accordance with the recommendations and instructions, and the capacity and operating limitations, specified for the *Product* in any documentation provided (including electronically) to *Customer* at any time; or

(b) care and maintain the *Product* including (but not limited to) complying with the *Care and Maintenance Policy* set out on pages 10-13 of this document, including any *care and maintenance* instructions specified in any documentation provided (including electronically) to *Customer* at any time.

3.2 This *Warranty* will not apply if the claimed defect in the *Product* is caused by or is attributable to:

(a) installation of the *Product*;

(b) incorrect fitment or adjustments;

(c) normal wear and tear of the *Product*;

(d) any *Modification* of the *Product*;

(e) use of non-genuine SMM components in the *Product*;

- (f) any damage incurred during transportation or handling of the *Product*;
- (g) unusual or improper use, or negligent use or misuse of the *Product*;
- (h) racing or competition use;
- (i) any accident;
- (j) strenuous or extreme off-road use of the vehicle on which the *Product* is installed;
- (k) alterations, tampering or *modification* to the original factory design of the *Product*;
- (l) use of the *Product* on vehicles with *modifications* not approved by SAMMITR;
- (m) removing or defacing of the *Product*'s serial number;
- (n) paint or seal damage due to high pressure washes;
- (o) paint scuffing on any part of the vehicle caused by the *Product*;
- (p) paint damage due to bird droppings or chemical agents;
- (q) minor paint shade variations as the *Product* is colour coded and not colour matched – variations in paint colour and shades exist in vehicles with the same colour code;
- (r) driving the vehicle with canopy windows or doors open;
- (s) surface rust or minor surface cracking (as this does not constitute a structural defect);
- (t) fuses and light globes;
- (u) loading of the *Product* with weights in excess of that specified by SAMMITR in any documentation provided (including electronically) to *Customer* at any time;
- (v) use of the *Product* after the defect is known;
- (w) damage caused by theft or by moving objects striking the vehicle (including inside the vehicle);
- (x) damage as a result of towing;
- (y) damage caused by industrial fallout including chemicals or sealants;
- (z) fire, flood, lightning or other nature acts;
- (zz) damage caused by atmospheric fallout including hail and salt; or
- (zzz) repossession under financing agreement

4. COSTS AND EXPENSES OF MAKING WARRANTY CLAIM

4.1 Expenses incurred by *Customer* in making a claim under this *Warranty* are to be borne by *Customer*. Subject to any applicable law which provides otherwise, *Customer* is required to bear all costs and expenses incurred in taking the *Product* to, and collecting the *Product* from, the premises of *Authorised Dealer* from which *Customer* purchased the *Product* (or to and from the premises of SAMMITR where *Customer* purchased the *Product* from SAMMITR).

4.2 Parts used and labour supplied in carrying out the *Warranty Service* at *Authorised Dealer*'s premises are free of charge to *Customer* where the *Warranty Claim* has been accepted as valid by SAMMITR.

4.3 If SAMMITR is of the opinion that it requires to do a physical inspection of a *Product* which has been returned to *Authorised Dealer* (in addition to *Authorised Dealer*'s inspection of the *Product*) then SAMMITR

may elect either to have the *Product* delivered to its own premises or to send one of its own representatives to *Authorised Dealer's* premises to inspect the *Product*. If following that physical inspection *SAMMITR* determines that the *Warranty Claim* is a valid claim then *SAMMITR* will pay all the costs of such delivery and inspection including return delivery to *Authorised Dealer*. If *SAMMITR* determines that the *Warranty Claim* is not a valid claim then *Customer* will need to bear the costs of any delivery return of the *Product* from *SAMMITR's* premises to *Authorised Dealer's* premises.

5. TRANSFER

This *Warranty* can be transferred to a subsequent owner of the *Product* if:

- (a) there is written proof of such transfer of ownership;
- (b) the *Product* remains with the vehicle on which the *Product* was originally installed; and (c) the new owner can produce a copy of the original proof of purchase.

6. OTHER LOSS

This *Warranty* covers only the remedies set out in clauses 1.2, 1.3 and 1.4. No claim for any other remedy or relief of whatever nature (including, without limitation, a claim for lost time, inconvenience or other direct or indirect or consequential loss and whether based in contract, negligence or other legal cause of action), will be recognised under this *Warranty* notwithstanding that such claim may arise from a defect in factory materials or workmanship in the *Product*. However, *Customer* can pursue any rights and remedies which may be available to *Customer* under any relevant law in connection with the supply of the *Product*.

7. YOUR RIGHTS UNDER AUSTRALIAN CONSUMER LAW

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

CARE AND MAINTENANCE POLICY FOR SMM STEEL CANOPIES

IF THESE CARE AND MAINTENANCE GUIDELINES ARE NOT ADHERED TO, THEN THE SAMMITR MANUFACTURER'S WARRANTY WILL NOT APPLY

1. Clamps and Bolt/Nut Assembly

Inspect the mounting clamps or bolts that hold the canopy to the vehicle one month after installation date, check that they are still fastened correctly. If travelling on sealed roads only, inspect the mounting clamps or bolts that hold the canopy to the vehicle every three months to ensure that the connections are still sound and not loose.

NOTE: When travelling off-road or on unsealed and rough roads on a regular basis, re-check mounting clamps or bolts at a minimum of once a month or as required to ensure the connections are still sound and not loose.

The four securing clamps or bolt/nut assembly (dependent upon installation method) are located under the rubber grommets, two on each side of the canopy. Remove the grommets and check the clamps or bolt/nut assembly. If the clamps or bolt/nut assembly can be shifted or twisted upon application of gentle sideways or twisting finger pressure, they require tightening. See your *Authorised Dealer* immediately to tighten the clamps or bolt/nut assembly. In an emergency situation and only if safe to do so, you may tighten the clamp or bolt/nut assembly sufficiently to secure the canopy in order to safely drive it to your *Authorised Dealer*.

Before tightening, ensure the canopy is still in the correct position of the vehicle. The tension setting for the clamps is 7nm torque, this is a 'light tension'. If clamps or bolt/nut assembly are damaged or deformed during installation or from use in any way they, they must be replaced with *SAMMITR* Spares from the *Authorised Dealer*. Damage to the canopy or the vehicle may result if this is not rectified quickly. Any ensuing damage due to poor installation or negligence will not be covered under this *Warranty*.

2. Roof Rails, Approved Roof Racks and Roof Ratings

The *SAMMITR* canopy fitted with standard roof rails can support up to 100kg dynamic load.

The *SAMMITR* canopy fitted with approved roof racks supplied by Rhino Rack, SMM by Milford and Front Runner can support up to 150kg dynamic load. The *SAMMITR* specific track/s which mounts directly into the factory mounting holes must be fitted.

All approved roof racks are approved can support up to 300kg static load when using a roof top tent.

When any of the above roof rack options are fitted to a SAMMITR canopy that is driven on off sealed roads should be divided by 1.5. Don't forget to subtract the complete rail/roof rack weight from your maximum carrying capacity.

100kg (Urban Road)	=	66kg (Off Road)
------------------------------	---	---------------------------

150kg (Urban Road)	=	100kg (Off Road)
------------------------------	---	----------------------------

Important Note: The roof rack manufacture/s may have different loading capacities in their policies.

The load weight should be distributed evenly along both rails/roof rack. Do NOT place full load on a single rail/side or a single mounting point along the rail/roof rack as damage may result and will not be covered under this *Warranty*.

Please note, any damage to spare parts, the vehicle or canopy caused by use of non- genuine SAMMITR parts and over-tightening of clamps, bolt/nut assemblies will not be covered under this *Warranty*.

Any damage to canopy or accessories caused by use of non-genuine SAMMITR parts and over-tightening of bolts securing the roof rails to the canopy or use of non SAMMITR approved bolts will not be covered under this *Warranty*.

3. Drainage Holes

Check drainage holes regularly on the bottom section of the window to ensure they remain clear of any debris, therefore water can escape from the window channels. Do not allow drainage holes to remain blocked.

3. Cleaning Exterior

Keep the exterior of the canopy clean and free from bird droppings, dirt, dust build up and foreign contaminants or harsh chemicals. Do not use any abrasive materials when cleaning the canopy or glass. Only use approved and mild motor vehicle cleaning or polishing products recommended by the vehicle manufacturer for cleaning your vehicle. High-pressure washers are not to be used too close to the canopy as damage to the paint and seals may occur and will not be covered under this *Warranty*.

Clean rubber seals in and around the window and door seals regularly using a warm damp cloth and a small amount of mild automotive car wash. Do not allow dust or dirt build up in and around rubbers and door seals or on canopy surfaces as they will act as abrasives and damage the seals and the paint on the vehicle or canopy. These are not covered by this *Warranty*.

4. Moving Parts (Locks and Hinges)

Regularly lubricate door hinges, lock and key recess on rear tailgate and side window locks using a suitable lubricant. Frequency of lubrication is dependent upon use. Under normal use (<10 times per day), lubrication every 3 months is sufficient. For frequent and heavy use, monthly lubrication is recommended.

6. Rear Canopy Door Side Stoppers

The two rear tailgate stoppers are adjusted at installation to secure the rear tailgate door from sideways movement, especially during vehicle operation. Check the position of the stoppers at installation. If the stoppers have loosened or if the rear tailgate door is able to move sideways when closed or vibrates under vehicle operation, return the vehicle to the *Authorised Dealer* immediately for adjustment. This is part of the *Authorised Dealer's* and *Installer's* responsibility. Six monthly inspections are recommended under normal domestic use and for commercial use, inspection every month is recommended.

Damage to the canopy or the vehicle may result if this is not rectified quickly. Any ensuing damage due to poor installation or negligence will not be covered under this *Warranty*.
